CONTROLLED SUBSTANCE AGREEMENT

I, ______DOB: ______, have read and understand the following agreement. I agree to abide by it if I am placed on time contingent or as needed controlled substances. I have been fully open with my pain management physician and have revealed any history of previous substance abuse and all currently prescribed medication by other physicians.

(Please initial every paragraph).

<u>1.</u> Medications will be taken as directed by my physician or advanced practice provider. I will have enough medication to last until my next visit. If I run out of medication PRIOR to my next appointment, NO ADDITIONAL MEDICATION CAN BE AUTHORIZED.

<u>2.</u> I understand that I need to have a monthly appointment with my physician or advanced practice provider for medication management. I further understand that refill issues will only be discussed by phone on Mondays - Fridays in an urgent situation. Phone calls will not be returned on refill issues other days of the week. Refills are NEVER made over the weekends.

_____3. I understand that controlled substance prescriptions generally CANNOT be phoned or faxed to a pharmacy. All prescriptions <u>must</u> be filled in the state in which they were prescribed.

<u>4.</u> I understand that controlled substance prescriptions are MY responsibility. If anything happens to my prescriptions (lost, stolen, flushed down the toilet, etc.), I am personally responsible. Under such circumstances, prescriptions will not be rewritten or reordered.

_____5. I understand that I am to obtain ALL my prescriptions for controlled substances only from North American Spine & Pain (NASPAC)while under their care. I will notify my pain physician or advanced practice provider if I receive a controlled substance from any other physician or source. If I violate this and obtain a controlled substance from any other source, or if I give or sell any controlled substance or prescriptions, then I have violated this agreement.

<u>6.</u> If it appears to the physician that there are no demonstrable benefits to my daily function or quality of life from the controlled substance, I will gradually taper my medications as prescribed by the physician or advanced practice provider. I will not hold NASPAC or any staff member of NASPAC liable for problems caused by misuse, abuse, or discontinuance of controlled substances.

<u>7.</u> I will inform my physician or advanced practice provider immediately if I develop serious side effects, or go to an emergency room due to pain, or if I become pregnant, because if I am of childbearing age, I could give birth to a child physically dependent upon a controlled substance. These issues will be reviewed with my pain management physicians or advanced practice provider.

8. I understand that if I develop another pain condition (toothache, abdominal pain, etc.) this does not allow me to self-increase my medications. I will see my local doctor, disclose all medication that I am taking and inform NASPAC of any additional medication that have been ordered prior to taking them.

<u>9.</u> Signs of addiction and psychological dependence will be interpreted as a need for weaning and detoxification.

____10. I agree to submit to a urine and / or blood screen to document appropriate blood levels of prescribed analgesics and to detect the use of non-prescribed medication at any time.

I understand that I may be discharged from North American Spine & Pain for any positive result for illegal drugs, for a urine sample that has a temperature reading below 90 degrees, for refusing to give a urine sample when requested or for not showing up at designated off-site lab in the allotted amount of time I am given to arrive there.

<u>11.</u> There is risk of excessive sedation when controlled substances are combined with sedatives, hypnotics, or depressants such as alcohol. Therefore, I agree to avoid concurrent use of such non- prescribed substances.

<u>12.</u> I recognize that chronic pain represents a complex problem which may benefit from physical therapy, psychotherapy, and behavioral modifications strategies to secure increased functioning and improved coping skills. I also recognize that my active participation is extremely important, I will actively participate in ALL aspects of the Pain Management Program and / or any recommendations that I am given for additional treatment.

<u>13.</u> I understand my pain management physician or advanced practice provider may need to discuss my care with family members or other physicians. I will allow such communication but only with my prior consent and if it maintains the confidence of my physician– patient relationship.

<u>14.</u> I understand that I may be randomly contacted and requested to engage in a pill counting procedure. I will be given 24 hours to present myself to the practice with all my prescribed controlled substances from the practice or I may be asked to do so prior to my next visit without prior notice. If I am unable to present myself to the practice within 24 hours as asked, I will present myself to the nearest pharmacy within 24 hours and follow the instructions provided to me by the medical staff contacting me.

_____15. I understand that my insurance company will be billed for any testing which North American Spine & Pain feels is necessary in conjunction with my care. If my insurance company does not pay for drug screens or other testing, I will be responsible to pay for these myself, directly to the lab I am assigned if it is appropriate under my payor obligations.

I fully understand that if I do not abide by the above paragraphs, then I may (at my pain physician or advanced practice provider's discretion) no longer receive any type of controlled substance medication from North American Spine & Pain. I understand that if I have a problem or questions with any of the above paragraphs, I can make an appointment to discuss this with my physician and receive clarification.

I, the undersigned, hereby authorize the assignment of the benefits and rights available to me under my insurance plan with the insurance company listed on the copy of the current insurance card I have provided to North American Spine & Pain (hereinafter "NASPAC") for medical services and care provided to me by the NASPAC. I also understand that my insurance company may not pay at 100% of the amount of the charges and that I may be responsible for all charges not paid to NASPAC by my insurance company, including any portion paid and not applied to in-network benefits for any out-of-network services. I agree to pay the full amount of all charges pursuant to NASPAC's scheduled rates, copies of which are available to me upon request prior to treatment.

I authorize NASPAC to release (1) information necessary to secure payment of benefits and/or (2) records of any treatment or examination rendered to me to other medical providers. This information may relate to (a) age; (b) medical history, condition, and/or care; (c) physical and/or mental health; (d) occupation; (e) income; (f) avocations; (g) driving records; and/or (h) other personal characteristics. I authorize the use of this signature on all my insurance submissions, whether manual or electronic.

I irrevocably designate, authorize, and appoint NASPAC as my true and lawful attorney-in-fact. This power of attorney is provided for the limited purpose of receiving all payments due under my insurance plan on account of medical services and care rendered or to be rendered to me by NASPAC. I hereby confirm and ratify all actions taken by my attorney-in-fact pursuant to the authority granted herein. I authorize my insurance company to assign and transfer all my applicable plan benefits and rights to NASPAC, including the right to receive any applicable plan documents and remedies and to pursue appeals and/or litigation on my behalf. This authorization includes any rights due to me permissible under state and federal laws.

I instruct and direct my insurance company to pay NASPAC directly. This includes any event where NASPAC may be Out of Network. **I understand that under ERISA, I have the right and authority to direct where payment for services rendered is sent.** If my current policy prohibits direct payment to NASPAC; under my rights per state and federal ERISA regulations, I instruct and direct my insurance company to provide SPD documentation stating such non-assignability clause to me and NASPAC upon demand and immediately if in dispute. Upon proof of non-assignability, I instruct my insurance company to make the check out to me and mail it directly to NASPAC for the professional and/or medical expense benefits allowable and otherwise payable to me under my current insurance policy as payment towards the total charges. If my insurance company sends a check for payment directly to me, I agree to immediately deliver the check to NASPAC, as I understand that NASPAC has the right to immediate possession of the check.

This is a direct assignment of my rights and benefits under my insurance policy. I have agreed to pay any balance of the charges over and above any such insurance payment. I authorize NASPAC to receive any checks from my insurance company on my account, endorse them for deposit, and deposit and apply the proceeds toward payment on my account. I further authorize NASPAC to deposit checks received on my account when made out to me.

I authorize the release of any information pertinent to my case to any insurance company, adjuster, and/or attorney involved in this case. I authorize NASPAC to be my personal representative, which allows it to: (1) submit any and all appeals when my

ADVANCED DIRECTIVE

Most States mandate that all health care facilities ask each of their patients whether they have an advance directive (which is sometimes also referred to as a "living will"). At North American Spine and Pain, we have made this question part of the admission process. In addition, we request that if you have an advanced directive, **bring a copy of it to North American Spine and Pain prior to or at your next scheduled appointment.**

An advanced directive is used by an individual to indicate a voluntary, informed choice of accepting, rejecting, or choosing among alternative courses of medical treatment and allows the individual to give written instructions to those caring for him or her, indicating the type of health care he or she would wish to receive or to reject in the event he or she becomes unable to express these decisions.

There are two different types of advanced directives:

A Proxy Directive – This is a document in whereby a competent adult designates a trusted relative or friend to make health care decisions on his or her behalf when he or she is unable to make these decisions. An Instruction Directive – In this document, a competent adult provides written instructions concerning the type of medical treatment he or she wants or does not want performed for him or her under what circumstances.

Please initial the appropriate response:

YES, I have an advance directive and will provide a copy on or before my appointment.

_____ NO, I do not have an advanced directive and **do not** wish to obtain one.

____ NO, I do not have an advance directive, but would like instructions of how to obtain one.
